Ranui South	25	Maori	3	9

Our roopu Kaumatua continue to meet monthly and are working towards growth to develop this themselves.

The information above has been gathered in an attempt to track where our Kaumatua reside. Once the habitation books are ready for the general election process we will be able to scale the above right down to their actually household, so that this will enable our Kaumatua to make visits to the homes where our older people reside.

During the past few months our Kaumatua have been in receipt of funding from WDH B to visit our older Kaumatua at home and in hospital. They have begun to plan out the program to enable the visiting to Kaumatua to be in the good will of our Waipareira Way.

Its exciting times in Waipareira and there is on going demands for us. We need to celebrate the well resourced opportunities that we have to be able to function and further grow our roopu.

Special mention to our membership who are unable to come into the Trust we are now co-ordinating plans to visit you at home and bring new whakaroa of where we are intending to go.

12 November 2008 the Annual General Meeting has been set down by the Trust Board and we must be there to ensure our interests are known.

Thank you to everyone for their attendance at our monthly meetings.

Mauri Ora

A big kia ora to everyone for their tautoko and contributions to our Education summits.

Enjoy our hui today and remember we all are on the Waipareira waaka going in the one direction.

Kokiritia I roto I te kotahitanga.

kia ora
